Objective

An individual with a keen interest in software programs, possessing good interpersonal and analytical skills, who wishes to use technical knowledge that meets the needs of the company. I wish to work with a diverse group of people and see myself leading a group of people over a couple of years in the company.

Education

Bachelor of Science in Computer Science and Engineering (B.Sc. in CSE)

East Delta University, Chattogram, Bangladesh

Graduation Year: 2024

Higher Secondary School Certificate (HSC)

South Asian College, Chattogram, Bangladesh

Passing Year: 2018

Soft Skills

- **Passionate about IT:** Enthusiastic about the IT industry, constantly exploring new technologies and trends.
 - **Team Player:** Thrive in collaborative environments, effectively contributing to team dynamics and group projects.
 - **Adaptability:** Quickly learn and adjust to new technologies, methodologies, and fast-paced environments.
-

Technical Skills

- **Programming Languages:** JavaScript, TypeScript
 - **Frontend Development:** React, HTML, CSS, Tailwind CSS
 - **Backend Development:** MongoDB, Mongoose, Express.js (Currently Learning)
 - **Version Control:** Git, GitHub
-

Academic Projects

- **Bachelor Thesis:** DeepFake Detection with Augmented Data Using Vision Transformer and Pre-trained Models.

Collaborated on a DeepFake Detection project using Vision Transformer (ViT), pre-trained CNNs and Open-Forensics datasets. Applied knowledge distillation to enhance model accuracy, advancing digital media security.

East Delta University, Chattogram, Bangladesh, 2024

Projects

- **Frontend Projects:**

- Developed responsive and accessible web pages using HTML, CSS, and JavaScript.
- Designed engaging user interfaces with React and Tailwind CSS.
- [Jobs-Hunt: A job search platform that allows users to view all available jobs, apply for jobs, and filter job details based on remote or onsite work.](#)

- **Backend Projects:**

- Designed and implemented RESTful APIs using Node.js, Express.js, and MongoDB.
 - Integrated MongoDB databases for efficient data storage and retrieval.
 - [Bike-store: An online platform for managing bike inventory and processing orders.](#)
-

Experience

My academic and personal projects form the foundation of my experience, and having recently graduated, I am eager to gain professional experience in a dynamic environment.

- **Deputy Project Manager**

Financial Improvement Organization (FIO)

Jan 2022 – Jan 2023

Managed projects in the financial and social sectors, managing timelines, resource allocation and team coordination. Contributed to financial strategies and social initiatives aimed at community development, ensuring timely project execution and achievement of goals.
